

November Scout Shout

Scouter Ryan 403-890-6867 Scouter Gene 403-273-9896 Scouter Erin 403-982-9972

Camp This Weekend (Nov. 26-27)

As you've heard from Scouter Gene, we've been invited to join Scouter Rick Ryan's Inglewood troop for their "Survivor" camp at Lost Lake this weekend. Here are the details:

- Leave Saturday at 8:30 am, return Sunday afternoon
- Cost: \$8 plus contribution towards food (to be determined)
- Hike in: only 50 m
- Survivor theme: youth will build lean-tos and cook food over campfires. Those who have appropriate gear and clothing will be allowed to sleep in their own lean-to! If your Scout needs to borrow camping equipment, or you have questions about what is required to sleep outdoors in November, contact one of the Scouters.
- If the weather gets cold again, bring skates for skating on the lake.

Upcoming Activities

- **Christmas Candy Making** – If Scouts are interested, Scouter Erin has the equipment for making chocolates in molds. Tentatively planned for Dec. 13 – have your Scout let us know if they are interested.
- **Rothney Astrophysical Observatory** – Scouts can earn their Space Exploration badge. We still need 10 youth to book this program, so have your Scout invite their friends. We will confirm the date once we have enough interested youth.
- **Learn about flying** – The troop has been invited out to the Cu Nim Gliding Club this coming spring to learn about what the pilots do, how the airport works, and help around the airfield with simple tasks like washing airplanes. We will be working with the pilots to develop a program and choose dates. More details to come.
