Chinook Council Adventure Award

## BEAVERS

The Chinook Council's Adventure Award is available to all registered Beaver Colonies in the Chinook Council

The award consists of a badge and recognition of the Colony through upcoming issues of the Chinook Council E-news.

### Start Planning Early

It is never too early to start thinking about adventure activities. Adequate planning is essential and requires special care. All groups participating need to refer to the "Camping and Outdoor Activity Guide"

For further information about the Adventure Award, please contact the local Scout Office and leave a message for the ACC Program.

To qualify a Beaver Colony must take part in the following activities.

Requirements:

- 5 – separate ½ day events, or
- 3 – full day events, or
- any combination resulting in 2 1/2 days total

Award: Badge

- Colony recognition

How to earn the award:

Registered Beaver Colonies in the Chinook Council may qualify for the Chinook Council Adventure Award if their activities conform to the following ground rules:

1. The plans for the activities must be submitted to the Council for approval before any of the specific activities begin, and no later than the last day of February. The planning must involve the Group Commissioner and all leaders and parents, with documented input from the youth
2. The Activities:
  - i) Should be held outdoors
  - ii) Should be a true adventure (from a Beaver's perspective) that challenge the capabilities of the group and are age appropriate
  - iii) May be held on land, water or air
  - iv) Must involve participation by all members of the group (youth and leaders) in the planning, organization and execution of the activity
3. Following the completion of the approved list of activities, a complete report must be forwarded to the Council
4. The report (log) should contain:
  - i) A general report of the activities submitted by the leaders.
  - ii) The report should be in a format which would assist another Colony to use it as a guide to operating the same activity for their Colony.
  - iii) Details of the planning and preparation that went into the activity such as research, safety planning, equipment and permits (permissions) required, together with a copy of the budget compared to actual costs
  - iv) An outline of the activity including menus, if applicable
  - v) The report should include contributions by the Beavers by way of drawings, pictures, stories and comments. Any written portions should, as much as possible, be in their own handwriting
5. Suggestions:
  - i) Special tours – maybe including an overnight stay
  - ii) Theme camping
  - iii) Special day trips
